COMMENTS: I am a rideshare driver, my concerns are where we fall into place
for parking/loading/unloading. I see the proposed "for Hire parking," but if
both Taxi's and Rideshare drivers have the same zone, then will taxi's push
to exclude us due to them requiring permits and we do not?
Will Rideshare drivers have a safe, reliable place to drop off our passengers
within a reasonable walking distance? we do not have permits so we can
not currently drop off at the current drop off zone. where do we
fall as independent contractors? How will this help us help our
passengers?
new zone

Love the plan. Love Innovation
