COMMENTS: I am excited for the
proposed Glacier Plans.
Having an electric boat
on the water would be
VERY beneficial & respecting the
Lake & those who camp/hike
around the lake wouldn't
hear/smell motors all
summer long. Also the
MODULAR visitors platforms
are incredible and that
is extremely efficient in
the long run! Classrooms
& resource centers on the
expanded visitor center is
beautiful & wonderful to bring
in school groups & tours!
Looking forward to it!

If needed, attach sheets to provide additional comments
