RE: Proposed chairlift into Bergman Bowl at Keystone Resort

Dear Mr. Fitzwilliams:

I am writing on behalf of the Keystone Neighbourhood Company (KNC) Board of Directors who represent approximately 1,100 real estate owners within Keystone. The Board voted to support the application by Keystone Resort for a proposed chairlift in Bergman Bowl. This support is based on the following criteria:

1. While this terrain is currently accessed by skiers hiking into the bowl, adding a lift here will allow more access to a greater number of skiers.
2. The lift should allow for more skiers and snowboarders to disperse more across the Resort's terrain and ease congestion.
3. This terrain with the proposed changes will allow more beginners and intermediate access to high alpine terrain.

We are excited to see the plans for Keystone's terrain expansion into Bergman Bowl.

We encourage the Forest Service to approve this important project.

Sincerely,

Mark Mathews
KNC Executive Director
