Subject: Comments - Petrox Northern Extension Pipeline and Horizontal Drilling Project #53825

My comments regarding the project described above are as follows:

1. The project is considered a Major Oil & Gas Facility per Section 9.2.3 of the Archuleta County Land Use Regulations.
2. A Pre-Application meeting is required prior to submittal of the Oil & Gas Permit application.
3. Consideration for approval of a Major Oil & Gas Facility requires public hearings before the Archuleta County Planning Commission and Archuleta County Board of County Commissioners.

I hope it is possible to admit these comments to the public record.

Thanks
Brad
