Subject: HD Mountain travesty

I am surprised and shocked that the Forest Service is proposing a gas line through a roadless area in the HD Mountains. This is a beautiful range with abundant animal life, magnificent scenery, and irreplaceable old growth ponderosas. The laws protecting such roadless preserves specifically prohibit such a development project. I ask that you use your influence to ensure that the HD Mountains receive the full protection as stipulated in the Colorado Roadless Rule.

Thank you for your consideration.

jai cross
