

Interested Person Request

I would like to participate as an interested person in the objection resolution discussions for one or more of the identified objection issues for the Helena-Lewis and Clark Land Management Plan or the regional forester's list of species of conservation concern (SCC).

Name: Michael Sedlock

Address: 1148 Tiller Court Helena, MT

59602

Phone # or email: 406-465-0031 capitaltrail@gmail.com and

wum.news@gmail.com

Name of lead interested person (if more than one): Michael

Sedlock

I am interested in participating in any resolution discussions between the objector(s) and the reviewing official for the following objection issues:

Travel plans, trail closures, and recreation enhancement and changes of any kind

Please provide a brief explanation of your interest in the objection(s) and any specific concern(s), including a description of your support or opposition to the objection(s):

I'm the president of the Capital Trail Vehicle Association (CTVA) located in Helena, MT

We are concerned that congress designated these areas as multiple-use, instead the forest service has ignored this and has instigated policies that are clearly designed to remove motorized travel & recreation in the plan. We object to the thousands of miles of motorized trails that have been closed over the past 20 years; the misguided direction the forest service is taking to close more trails and reduce motorized recreation; the direction that the forest service is taking on moving wilderness study areas to full wilderness without congressional approval or public involvement; and not disclosing these plans to the public until public comments were closed thereby eliminating the public's right to comment and be involved in the process.

Please identify when you commented during the planning process (scoping, draft EIS, and/or final EIS):

June 5, 2015 and final EIS

Signature: Michael Sedlock

Send electronic letters requesting recognition as an interested party to: <https://cara.ecosystem-management.org/Public/CommentInput?project=44589>. Electronic submissions must be submitted in a format that is readable with optical character recognition software (e.g., Word, PDF, Rich Text) and must be searchable.
