

This websites ad says it about as clear a day. Restoration, jobs right here for Americans, help the local economy. Provide rare minerals need for industrial use in addition to gold. It should be obvious this is a much needed project for not only Idaho, but for our country. We waste money on foreign countries but can't find money for great projects like this right here at home. I say GIT ER DONE!!!!!!!!!!!!!!!!!! Thank You!!!!!! A a speedy success to everybody involved!
