Adams (928-643-8110) on the North Kaibab Ranger District.

Gila/ Las Cruces Type 3 Incident Management Team Pedro Valenzuela, Incident Commander

**Tuesday, July 07, 2020, 8:00 A.M. MT**

**Fire Information Line: (602)345-0469**

Additional Fire Information available: <https://inciweb.nwcg.gov/Office> (<https://inciweb.nwcg.gov/Office>)

**Hours: 8:00 a.m. to 5:00 p.m.**

### **MANGUM FIRE**

**Location:** origin 30 miles south of Fredonia

**Start Date:** June 6, 2020

**Acres:** 71,450

**Cause:** under investigation

**Total Personnel:** 149

**Containment:** 88%

**Vegetation:** Timber and piñon/juniper with grass/shrub understory

**Resources:** two 20-person handcrews, 4 fire engines, 1 helicopter, 1 dozer, and 10 water tenders.

#### **GILA/LAS CRUCES IMT PREPARES TO TRANSFER MANAGEMENT OF MANGUM FIRE**

**At 7:00 A.M. tomorrow the Gila/Las Cruces Incident Management Team will transfer command of the Mangum Fire to the North Kaibab Ranger District.**

Yesterday crews patrolled and insured that containment lines were secure. Supplies were back hauled and most of the heavy equipment and engines were released. Some road repair remains to be accomplished. The number of firefighters continues to be reduced. Weather will be warm and dry again today, with “red flag” warnings in place for strong winds and single digit relative humidity. There is a high potential for active fire behavior. Firefighters will be vigilant for threats to containment lines as they patrol the fire perimeter.

**Safety:** Motorists should be aware that many large firefighting vehicles will be traveling on local roads as they exit the fire area.

**Closures:** Forest Road 22 is closed between road 422 and road 429. Highways 67 and 89A are open to public travel. The North Rim of Grand Canyon National Park is now open (see: [www.facebook.com/GrandCanyonNationalPark/](http://www.facebook.com/GrandCanyonNationalPark/) ([www.facebook.com/GrandCanyonNationalPark/](http://www.facebook.com/GrandCanyonNationalPark/))). The U.S. Forest Service and Bureau of Land Management have amended closure orders for the North Kaibab Ranger District and Bureau of Land Management land east of Fredonia. See: [www.facebook.com/kaibabnrf/](http://www.facebook.com/kaibabnrf/) ([www.facebook.com/kaibabnrf/](http://www.facebook.com/kaibabnrf/)) and <https://blm.gov/office/arizona-strip-field-office/> (<https://blm.gov/office/arizona-strip-field-office/>).

**Restrictions:** Kaibab National Forest has implemented Stage 2 Fire Restrictions. For a full list of restrictions, please visit <https://www.fs.usda.gov/alerts/kaibab/alerts-notices/?aid=58061> (<https://www.fs.usda.gov/alerts/kaibab/alerts-notices/?aid=58061>)

**Evacuations:** None. The area along House Rock road remains under “ready” status.

**CDC Wildfire Smoke and COVID-19:** <https://www.cdc.gov/coronavirus/2019-ncov/php/smoke-faq.html> (<https://www.cdc.gov/coronavirus/2019-ncov/php/smoke-faq.html>)

A temporary flight restriction is in place over the fire area. Wildfires are No Drone Zones. **If you fly, we can't.**
