

To Concerned Payette National Forest Staff,

Thank you for the opportunity to provide feedback on the Stibnite Gold Project as part of Midas Gold Idaho's Draft Environmental Impact Statement. Public participation is a huge part of the permitting process and I appreciate the opportunity to share my thoughts.

After reading through the alternatives proposed by the USFS, Alt 5 seems unacceptable. If private industry is willing to take on past legacies, what will happen to the environmental legacies at Stibnite if there is no action? What resources will the U.S. Government dedicate to solving the water quality and fish passage problems if Alt 5 is selected?

Midas Gold wants to restore the rivers, wildlife and habitat near the Stibnite Gold Project site. We should let them. Please permit the Stibnite Gold Project.

Most Respectfully,

Name: Helen Frances Glidden
