

Attention Ms. Jackson,

Thank you for the opportunity to provide feedback on the Stibnite Gold Project as part of the public permitting process. I believe this project will have a positive impact on the environment, communities surrounding the site and Idahoans.

This project is a huge opportunity for Idaho. I encourage the U.S. Forest Service to permit alternative 2 so this brownfield site can be restored.

I am encouraged about the potential well paying jobs that this project will provide to central Idaho.

Sincerely,

Ramon Stoker
