

Dear Payette National Forest Service Staff,

I am writing to **share my support of the Stibnite Gold Project** as outlined in Alternative 2 of the Draft Environmental Impact Statement.

Here is a little more about me, and why I believe this is the right project for Idaho and our country.

I first came to Yellowstone in 1991 and have been back many years since. I've seen Yellowstone change as it has gotten smaller over the years. It's still beautiful of course, but it's tough to make a living back here. The environmentally safe mining of gold at Stibnite will provide life changing financial opportunities for many Idaho workers & thereby allow Yellowstone to prosper. Please support the Stibnite Gold Project and allow Yellowstone to flourish.

Sincerely,

Jeff
