

Dear Payette National Forest Service Staff,

I am writing to **share my support of the Stibnite Gold Project** as outlined in Alternative 2 of the Draft Environmental Impact Statement.

Here is a little more about me, and why I believe this is the right project for Idaho and our country.

As a GA Pilot, I had the opportunity to visit parts of Idaho - backcountry airstrips, particularly Johnson Creek where I camped out. Having the ability to spend nearly a week in the area I can see the positive impact on a multiple amount of businesses and individuals!!

Seeing all the positive possibilities/outcomes" coming out of this Stibnite Gold Project, I am 100% supportive towards making this become a Reality!!

Sincerely,

Kevin
