

Dear Payette National Forest Service Staff,

I am writing to **share my support of the Stibnite Gold Project** as outlined in Alternative 2 of the Draft Environmental Impact Statement.

Here is a little more about me, and why I believe this is the right project for Idaho and our country.

.....

For nearly 30 years I have been a frequent visitor to the natural beauty of the Idaho backcountry. I've come to know and love many of people and communities in the Idaho backcountry. A project of this significance will leave a positive footprint for a generation. I support this project because fundamentally it is a net positive for the people and communities of this area.

.....

Sincerely,

Chris
