

Linda Jackson,

Midas Gold Idaho has been a member of our community for the past decade. During this time, the company and its employees have become wonderful champions and supporters of our community. They've volunteered their time in our schools and given generously to community causes. The company's track record of following through on its promises and doing the right thing gives us the confidence to write in support of permitting the Stibnite Gold Project.

After reading through the alternatives proposed by the USFS, Alt 5 seems unacceptable. If private industry is willing to take on past legacies, what will happen to the environmental legacies at Stibnite if there is no action? What resources will the U.S. Government dedicate to solving the water quality and fish passage problems if Alt 5 is selected?

For the above reasons and many more, please move forward with alternative 2 of the Stibnite Gold Project as it is important to all Idahoans. The comment period provides plenty of time to read the DEIS and submit comments. Further extensions of the comment period are unnecessary and will needlessly delay the project.

My best,

Name: VINCE MCATEE
