

Attention payette national forest supervisor,

I am writing in support of the Stibnite Gold Project. Thank you for the opportunity to provide my feedback as part of the National Environmental Policy Act.

Midas Gold Idaho believes in a local workforce and has promised to hire Idahoans whenever possible. The company will provide employees with training and help our state build a more skilled workforce. These jobs are not entry level positions and the skills are valuable in other industries outside of mining. Midas Gold estimates salaries will be two times higher than the local average in Valley County. This can make a big difference in the life of many families.

Midas Gold Idaho wants to invest \$1 billion in our state, bring more than 1,000 jobs to rural Idaho and still provide access to Idaho's public lands. This is the type of project our state needs. I highly encourage the U.S. Forest Service to pick alternative 2 as the preferred alternative moving forward.

Best Wishes,

Matt and Amanda Hall
