

Dear Ms. Linda Jackson,

I am writing to share my thoughts on Midas Gold Idaho's Stibnite Gold project. There are many reasons why I am excited for Midas Gold's project to come to life and I hope through my comments you will understand why.

Midas Gold prioritizes working alongside Idahoans. The company has shown a clear interest in understanding and remedying concerns around the project. They have taken the time to work with the community to develop solutions that work for everyone. For example, the company worked closely with residents of Yellow Pine, recreationalists and snowmobilers to figure out how to preserve access to certain roads in the backcountry. The changes the company made are included in alternative 2. The company didn't need to do this but they did because they knew it was the right thing to do. Through their collaboration with stakeholders at all levels, they have come up with a plan that will not only help Idaho's economy but help restore a legacy site. Their plan has considerable community support.

As the U.S. Forest Service and other state and federal agencies review the proposed plan and determine the course of action, I encourage you to consider and appropriately weigh the positive benefits Midas Gold will have on Idaho. Alternative Two truly is a win-win opportunity for Idahoans and the environment.

Respectfully,

Name: Terry McCurdy
