

Dear Ms. Jackson,

It is with great pleasure that I write to the U.S. Forest Service to encourage you to permit the proposed activities outlined by Midas Gold in Alternative 2 during this public input process.

Midas Gold has made it clear reclamation efforts will start alongside operations. They have worked to find safe access routes to the site that keeps vehicles away from our precious waterways. Plus, the company is trying to minimize their impact on the environment by keeping facilities within the existing footprint of historic mining operations.

Thank you for the thorough review of the Stibnite Gold Project. I urge you to now move forward and permit the mine using alternative 2 so Midas Gold can put Americans back to work.

Please keep our creeks and river clean, I live in Elk Bend on the Salmon River. Directly effected. Let's move forward wisely ðŸ˜‰

Regards,
