

Payette National Forest,

If Midas Gold Idaho is allowed to move forward with the Stibnite Gold Project, they will reclaim an area impacted by historical mining, create hundreds of well-paying jobs and provide a huge boost to our economy in the process. It is a win-win for Valley County. We need to permit the project.

Midas Gold has carefully researched the Stibnite Gold Project since 2009. Throughout this time, the company has proactively engaged members of our community and consistently sought our feedback. Some of our suggestions are reflected in alternative two " including the proposed road to site to keep traffic and potential pollutants away from our waterways. The company selected using Burntlog Road after many discussions with local residents. In my mind, actions speak louder than words and Midas Gold has proven they will be a good partner moving forward.

Reviewing Midas Gold's plans it is clear to me the company really believes in taking care of the environment and keeping the community safe. I urge you to permit the Stibnite Gold Project as outlined under Alternative 2 and keep this project moving forward.

Regards,
