

Hello,

I am writing in support of the Stibnite Gold Project and the benefits it will bring to Idaho. This project has the potential to put hundreds of Idahoans to work, bring a \$1 billion investment into our state and restore an area of Idaho's backcountry desperately in need of repair.

Midas Gold Idaho believes in a local workforce and has promised to hire Idahoans whenever possible. The company will provide employees with training and help our state build a more skilled workforce. These jobs are not entry level positions and the skills are valuable in other industries outside of mining. Midas Gold estimates salaries will be two times higher than the local average in Valley County. This can make a big difference in the life of many families.

Midas Gold Idaho has proactively engaged community members and consistently sought local feedback. Some suggestions from locals are reflected in the plan " including the proposed road to site to keep traffic and potential pollutants away from waterways. In my mind, actions speak louder than words and Midas Gold has proven they will be a good partner moving forward.

Reviewing Midas Gold's plans it is clear to me the company really believes in taking care of the environment and keeping the community safe. I urge you to permit the Stibnite Gold Project as outlined under Alternative 2 and keep this project moving forward.

Best Wishes,

Name: Scott Ryan
