

Ms. Jackson,

I don't know much about economics; but the way this company (Midas gold) has written its sales pitch, they seem to be claiming that they will make as much of a contribution to the state of Idaho as, perhaps, an increase in the minimum wage might do.

One noteworthy omission from their form letter at midasgoldcomments.com is: are the native American people for or against their projects? (If the projects fall within tribal jurisdiction.)

Respectfully,
