

Ms. Jackson,

Thank you for the opportunity to comment during the Draft EIS period for the Stibnite Gold Project.

As you are aware, under NEPA, the process for companies has a prescribed timeline for the permit and review process. The time period for the public as well as agency comments allows for more than adequate review and comment by interested persons.

I support the USFS moving forward with Alternative 2 proposed for the project and to not providing an extension of the established comment period.

Respectfully,

Terah S. Burdette
