

Usfs,

Thank you for the opportunity to provide feedback on the Stibnite Gold Project as part of Midas Gold Idaho's comment period. I have been closely following Midas Gold Idaho's plans since they first came into our state, in large part because much of the proposed project will take place on public land. The more I have learned about the project, the more excited I am about the possibilities for the future.

The project will bring huge economic benefits to the rural communities surrounding the project site. Midas Gold will directly employ 400-500 employees during construction and operations. Payroll is expected to exceed \$34 million. These numbers do not even capture the indirect jobs I am confident nearby towns will see from the Stibnite Gold Project.

While the economic benefits of this project cannot be ignored, it also will transform an area in need for environmental repair. It is for all of these reasons that I encourage you to move the Stibnite Gold Project forward as outlined in alternative 2 within this 60-day comment period.

Thanks for your Consideration,

Name: Robert Nicholson
