Dear Mel Bolling, Jay Pence, and the Teton Basin Ranger District,

The intent of this letter is to offer the City of Victor's support of the "Grand Targhee Master Development Plan and Projects", as it is currently outlined in the ArcGIS Storymap dated 8/21/2020.

While the City of Victor sees value in protecting the scenic and ecological state of the Teton Canyon region, the City also sees value in expanding existing uses there to attract more visitors to Teton Valley and its businesses. The City of Victor has determined that its businesses and accommodations will likely be adequate to host its share of the increase in visitors likely to be generated by the Grand Targhee Master Development Plan and Projects. However, the benefits of this increase in tourism cannot be realized, and its impacts cannot be mitigated, unless the topic of transportation continues to be addressed. Therefore, the City of Victor grants its support of this project, but asks that the Teton Basin Ranger District and Grand Targhee Resort each consider the increased transportation needs likely to be generated by this project.

Sincerely,

Carl Osterberg, Planner

Kim Kolner, Planning Director
