

Usfs,

Idahoans need the Stibnite Gold Project!

We have an opportunity to restore and protect what's at the heart of what makes Idaho IDAHO!

We have an opportunity to revive and strengthen the beauty of our surroundings, safeguard our precious wildlife and provide hundreds of our hardworking citizens the privilege of working at jobs that will support their families and further develop our great State.

My thanks goes to the Midas Idaho Stibnite Gold project. My thanks for your pursuit to preserve our beautiful great State. My thanks for your efforts to protect its beautiful surroundings. My thanks for ensuing restoration of its beautiful natural resources and my thanks for upholding hundreds of its dedicated citizens the opportunity for jobs in their beautiful state.

Name: Carmen Cook
