

Dear US National Forest Service Staff,

Thank you for the opportunity to provide feedback on the Stibnite Gold Project as part of Midas Gold Idaho's Draft Environmental Impact Statement. Public participation is a huge part of the permitting process and I appreciate the opportunity to share my thoughts.

We DO NOT need to have Idaho's beautiful land raped by a company from foreign country. Let the Canadians destroy their own environment instead of coming across the border to destroy Americas and take the profits back to Canada

Thank you for reviewing my comments. Again, I urge you to DENY Midas Gold's plan as outlined under alternative two.

Thanks for your time,

Name: Roger Coates
