

DEAR MS JACKSON,

Midas Gold Idaho has been a member of our community for the past decade. During this time, the company and its employees have become wonderful champions and supporters of our community. They've volunteered their time in our schools and given generously to community causes. The company's track record of following through on its promises and doing the right thing gives us the confidence to write in support of permitting the Stibnite Gold Project.

Alternative 2 is the result of many years of study by Midas Gold. The company developed this alternative after submitting their original plans and working with stakeholders, community members and environmental groups to try to determine how it could be improved. The result was a smaller project footprint, reconnecting salmon to their native spawning grounds before mining ever begins and improved water quality. Two of the alternatives, 3 and 4, would delay the project by several years and withhold its benefits from Idahoans unnecessarily. Those same alternatives could also become so expensive it could make the project cost prohibitive. With everything happening in the world, I feel strongly that we need to Stibnite Gold Project to move forward now. It would bring 500 well-paying jobs to rural Idaho, invest a billion in Idaho and help improve community infrastructure.

Thank you for considering my thoughts on the project. I am grateful for the virtual meeting room you created. It made learning about the project easy and gave me the tools I needed to submit meaningful comments within the 60-day timeframe. If I can do it, anyone can. I urge you to move forward with alternative two.

Yours,

Name: Charles E Schuckenbrock
