

Linda Jackson,

Thank you for the opportunity to comment during the Draft EIS period for the Stibnite Gold Project.

The comment period has provided meaningful time to review the document. Idahoans need to see the benefits of the Stibnite Gold Project come to life. It is with this knowledge that I encourage the U.S. Forest Service to select the modified plan of restoration and operations Midas Gold Idaho presented, known as Alternative 2 in the draft Environmental Impact Statement, and permit the project.

Thank you for considering my thoughts on the project. I am grateful for the virtual meeting room you created. It made learning about the project easy and gave me the tools I needed to submit meaningful comments within the 60-day timeframe. If I can do it, anyone can. I urge you to move forward with alternative two.

My best,

Name: Charles Herrmann
