

Dear Permitting Officials,

I am writing to express my full support of Midas Gold Idaho and the Stibnite Gold Project. Over the past several years Midas Gold has shown its commitment to Valley County and the state of Idaho and I encourage you to permit the proposed activities outlined by Midas Gold in its Alternative 2.

The comment period has provided meaningful time to review the document. Idahoans need to see the benefits of the Stibnite Gold Project come to life. It is with this knowledge that I encourage the U.S. Forest Service to select the modified plan of restoration and operations Midas Gold Idaho presented, known as Alternative 2 in the draft Environmental Impact Statement, and permit the project.

This project is a huge opportunity for Idaho. I encourage the U.S. Forest Service to permit alternative 2 so this brownfield site can finally be restored. The comment period has been extended once already. Sixty days gives Idahoans enough time to submit their comments and I hope there will be no additional delays.

Have a good day,

Name: Jean Edwards
