

Greetings Ms. Jackson and Staff,

Thank you for the opportunity to comment on Midas Gold Idaho's Alternative 2. Over the last several years, I've had the opportunity to hear a handful of presentations on the Stibnite Gold Project, sit down with project staff and observe how the company has lived out its mission as it has grown. It is with this knowledge that I encourage you to permit the Stibnite Gold Project.

As the U.S. Forest Service and other state and federal agencies review the proposed plan and determine the course of action, I encourage you to consider and appropriately weigh the positive benefits Midas Gold will have on Idaho. Alternative Two truly is a win-win opportunity for Idahoans and the environment. The public has had plenty of time to thoughtfully review the plan. It is time to move ahead.

Midas Gold wants to restore the rivers, wildlife and habitat near the Stibnite Gold Project site. We should let them. The Forest Service has given meaningful time to review the document and comment. Further extensions are not necessary and will only hurt Idahoans by delaying the benefits of the project. Please permit Alternative 2 of the Stibnite Gold Project as outlined in the draft Environmental Impact Statement.

Thanks for your Consideration,

Name: Anil saini
