

TO WHOM IT MAY CONCERN,

It is with great pleasure that I write to the U.S. Forest Service to encourage you to permit the proposed activities outlined by Midas Gold in Alternative 2 during this public input process.

As the U.S. Forest Service and other state and federal agencies review the proposed plan and determine the course of action, I encourage you to consider and appropriately weigh the positive benefits Midas Gold will have on Idaho. Alternative Two truly is a win-win opportunity for Idahoans and the environment. The public has had plenty of time to thoughtfully review the plan. It is time to move ahead.

I would like to thank the U.S. Forest Service for providing the opportunity, and sufficient time, to comment on this important project's permitting process. I hope the U.S. Forest Service will realize the benefits this project and permit the Stibnite Gold Project using alternative 2.

Thanks for your Consideration,

Name: Clifton Caldwell
