

GREETINGS,

I have reviewed the Alternative 2 and met with members of Midas Gold Idaho to better understand the company's plans for the Stibnite Gold Project. Below are my comments on the plan to be included in the comment period.

I think the best way to protect the Salmon and other indigenous wild life is to not proceed with this venture.

There won't be enough money infused to the local and state to make this a viable project for all who stand to profit. Only one will enjoy the profits from this BVN project SMG.
