

Payette National Forest Supervisor,

Thank you for the opportunity to provide feedback on the Stibnite Gold Project as part of Midas Gold Idaho's comment period. I have been closely following Midas Gold Idaho's plans since they first came into our state, in large part because much of the proposed project will take place on public land. The more I have learned about the project, the more excited I am about the possibilities for the future.

Mining provides jobs and opportunities that are important for our local economy. I am grateful to know Midas is committed to hiring locally and purchasing materials locally as much as possible. The Stibnite project will generate hundreds of job opportunities in construction and operations. This type of project will undoubtedly boost our local economy. Mining is an important contributor to a strong economy in Idaho and I know the Midas project will be no different. I support the Alternative 2 proposal because it is the safest way to bring these opportunities to life.

Midas Gold wants to restore the rivers, wildlife and habitat near the Stibnite Gold Project site. We should let them. The Forest Service has given meaningful time to review the document and comment. Further extensions are not necessary and will only hurt Idahoans by delaying the benefits of the project. Please permit Alternative 2 of the Stibnite Gold Project as outlined in the draft Environmental Impact Statement.

Best Wishes,

Name: Debra Condrey
