

Attention Ms. Jackson,

I am proud to submit my comments in support of Midas Gold Idaho's Stibnite Gold Project. This project presents your state with an incredible opportunity to bring well-paying jobs to rural Idaho, boost your state's economy and use private investment to clean up a brownfield site.

If the Stibnite Gold Project goes into production, Idaho would see a huge economic benefit. Midas Gold plans to invest \$1 billion in the state, contribute \$86 million in state and local taxes and make improvements to roads and power grid near the site. The company has also made a pledge to hire locally whenever possible and plans to provide around 1,000 jobs for Idahoans throughout the life of the project. Midas Gold salaries will be approximately two times higher than the local salary. It is impossible to ignore the positive trickledown effect an investment of this size would have on your community and economy.

There has been more than sufficient time to comment on the Stibnite Gold Project. I encourage the U.S. Forest Service to move the Stibnite Gold Project forward and adopt Alternative two as the preferred alternative.

Thanks Again,

Name: Mark Thompson
