

Thank you for the opportunity to comment on Midas Gold Idaho's Alternative 2. I have visited the site and have studied their plans.

If Midas Gold is not allowed to proceed then I feel that the site will never be cleaned up and will continue to pollute the downstream water for our lifetimes. I encourage you to permit the Stibnite Gold Project.

I encourage the USFS to move the Stibnite Gold Project forward and permit Midas Gold Idahos project as outlined in their Modified Plan of Restoration and Operations, alternative 2 in the DEIS. The USFS has provided meaningful time to submit comments and already extended the comment period once, there should be no further delays.

Yours,
