

Dear Payette National Forest Staff,

Midas Gold Idaho's Stibnite Gold Project presents Idaho, particularly rural Idaho, with a huge economic and environmental opportunity. I am writing to encourage you to permit the project as quickly as possible.

Midas Gold Idaho has prioritized public access to Idaho's backcountry. While the company feels Stibnite Road is too dangerous to safely transport employees and equipment to the site, they recognized how important this route was for residents who live in the area. The ModPRO they submitted to the U.S. Forest Service allows Idahoans to continue to access Thunder Mountain by driving through the site when it is safe and feasible. Review alternative 2 and you can see Midas Gold wants Idahoans to continue to have easy access to our public lands.

For the above reasons and many more, please move forward with alternative 2 of the Stibnite Gold Project as it is important to all Idahoans. The comment period provides plenty of time to read the DEIS and submit comments. Further extensions of the comment period are unnecessary and will needlessly delay the project.

Best Wishes,

Name: Dunk Ellis
