

Dear Ms. Jackson,

I appreciate the opportunity to comment on the Stibnite Gold Project as it will directly impact me and my Investment in thisproject.

Midas Gold Idaho is proposing a great project for our economy, our citizens and our environment. The Stibnite Gold Project would help to properly restore a brownfield site in Idaho's backcountry and provide a significant positive economic impact. In fact, if the project goes into production the company plans to invest \$1 billion in Idaho and provide hundreds of jobs over the course of the mine's life. The company has promised to look to Idaho first for talent and supplies so this will have a huge trickledown effect. The salaries of the positions at Midas Gold Idaho will be two times higher than typical jobs in Valley County. The financial security these positions could bring to families could be life changing. I also appreciate that Midas Gold Idaho plans to have employees be on a two weeks on, two weeks off schedule. This allows Idahoans who live outside of Valley County, or who would not want to relocate to the area, the same opportunity to apply for these positions.

I urge you to accept Midas Gold's plan as outlined under alternative two. The U.S. Forest Service has provided the public with helpful virtual tools and materials to submit meaningful comments on the project within the allotted timeframe. It is time to move this project forward.

Have a good day,

Name: Robert N.Koontz
