

Dear Ms. Jackson,

Thank you for the opportunity to provide feedback on the Stibnite Gold Project as part of Midas Gold Idaho's comment period. I have been closely following Midas Gold Idaho's plans since they first came into our state, in large part because much of the proposed project will take place on public land. The more I have learned about the project, the more excited I am about the possibilities for the future.

The project will bring huge economic benefits to the rural communities surrounding the project site. Midas Gold will directly employ 400-500 employees during construction and operations. Payroll is expected to exceed \$34 million. These numbers do not even capture the indirect jobs I am confident nearby towns will see from the Stibnite Gold Project.

Reviewing Midas Gold's plans it is clear to me the company really believes in taking care of the environment and keeping the community safe. I urge you to permit the Stibnite Gold Project using alternative two and keep this project moving forward. The comment period has been extended by 15 days once already, please keep the comment period to 60 days, so we can prevent additional delays.

Most Respectfully,

Name: Burgex Inc
