U.S. Forest Service, Payette National Forest
Attn: Linda Jackson, Payette Forest Supervisor
500 North Mission Street
McCall, ID 83638

Dear Ms. Jackson,

Thank you for all of the hard work you and the Forest Service have done on the Stibnite Gold Project. I appreciate the ability to provide my comments and support for the company and its project.

Over the past several years I have had the opportunity to work with company representatives who have been extremely supportive of a variety of local events, specifically the Spurs & Spikes, a 501(c)3 fundraising event dedicated to helping injured cowboys through a crisis fund. The company's commitment to the local and surrounding communities is to be applauded.

Midas' local support is just one of many reasons to move this project forward. Please do so so that the company can help boost the economy of rural Idaho, fix legacy environmental issues and continue to support important causes such as the Spurs & Spikes. Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "Kelli Riley". The signature is written in black ink and is positioned above the printed name.
