Subject: I support the Stibnite Mine Project and I encourage you to review the EIS and related documents and push to progress the mine.

Dear Ms. Linda Jackson,

I am writing to share my thoughts on Midas Gold Idaho's Stibnite Gold project. There are many reasons why I am excited for Midas Gold's project to come to life and I hope through my comments you will understand why.

Midas Gold Idaho is proposing a great project for Idaho's economy, citizens and environment. When the project goes into production, the company plans to invest \$1 billion in Idaho and provide approximately 1,000 jobs over the course of the mine's life. Midas Gold has made a commitment to look to Idaho first for talent and supplies which will have a major trickledown effect and positively impact many facets of the state's economy.

Midas Gold Idaho wants to invest \$1 billion in our state, bring more than hundreds of jobs to rural Idaho and still provide access to Idaho's public lands. This is the type of project our state needs. The U.S. Forest Service has provided Idahoans with meaningful tools to easily review the document and ample time to comment. I highly encourage the U.S. Forest Service to permit this project following alternative two.

Yours,
