**Subject:** Preferred alternative stibnite gold project

To Concerned Payette National Forest Staff,

This letter is to express my support of Midas Gold's Stibnite Gold Project. America needs this project to be permitted. I hope after reading my thoughts you will understand why my support for Midas Gold Idaho is so strong.

If the Stibnite Gold Project goes into production, Idaho would see a huge economic benefit. Midas Gold plans to invest \$1 billion in the state, contribute \$86 million in state and local taxes and make improvements to roads and power grid near the site. The company has also made a pledge to hire locally whenever possible and plans to provide around 1,000 jobs for Idahoans throughout the life of the project. Midas Gold salaries will be approximately two times higher than the local salary. It is impossible to ignore the positive trickledown effect an investment of this size would have on our community and economy.

For the above reasons and many more, please move forward with alternative 2 of the Stibnite Gold Project as it is important to all Idahoans. The comment period provides plenty of time to read the DEIS and submit comments. Further extensions of the comment period are unnecessary and will needlessly delay the project.

Regards,

Wade Hanson
