

Linda Jackson,

Thank you for the opportunity to comment on Midas Gold Idaho's Alternative 2. Over the last several years, I've had the opportunity to hear a handful of presentations on the Stibnite Gold Project, sit down with project staff and observe how the company has lived out its mission as it has grown. It is with this knowledge that I encourage you to permit the Stibnite Gold Project.

Midas Gold Idaho is proposing a great project for Idaho's economy, citizens and environment. When the project goes into production, the company plans to invest \$1 billion in Idaho and provide approximately 1,000 jobs over the course of the mine's life. Midas Gold has made a commitment to look to Idaho first for talent and supplies which will have a major trickledown effect and positively impact many facets of the state's economy.

The Stibnite Gold Project is the type of project our state needs. I highly encourage the U.S. Forest Service to permit this project, using alternative two presented by Midas Gold, as expeditiously as possible. There is no need to extend the comment period. Sixty days is plenty of time to comment and we need the benefits of this project now.

Sincerely,

Name: Joe Mokhtarani
