

USFS,

I am writing to express my views on Midas Gold Idaho's Stibnite Gold Project. The opportunity presented by the Stibnite Gold Project is compelling for many reasons and it is a project I would like to see move forward.

I have witnessed the positive impact that a mining project can have on all aspects of a community--when the project plan is comprehensive.

I feel that Midas Gold has put together a sound plan that will provide many benefits to Idaho's economy and environment. I think they will prove what a good steward can do to protect and promote the region.

It is for all of these reasons that I encourage you to move the Stibnite Gold Project forward as outlined in alternative 2 within this 60-day comment period.

Best Wishes,

Jason Wills
