Subject: Comments on Midas Gold project

I support the Midas Gold Project at Stibnite. In 1979 I went to Stibnite and saw all of the damage done by previous mining operations. I went to Stibnite in 2018 and saw the work that Midas Gold had done to restore the site. The plans that Midas Gold has to do more restoration to the site can do nothing but improve the environmental conditions at Stibnite and the waterways downstream.

The addition to the tax base of valley county should help the county provide more services to the residents of Valley County.
