My name is Borde Williams, along with my brother Neale Williams form the Lazy H Partnership. We are permittee holders in the Hale Lake area.

Our business address is [REDACTED]

I appreciate ALL the work and effort put forth to help manage the Hale Lake area. My family homesteaded Pajarito Flats.

I have three comments and one objection.

Comment: 1. There has to be a better job done of policing and monitoring the whole area. Self-policing does not work.

2. When road closures are made, I would like to be involved in that process.

3. Close Hale Lake and Lucas tank to mud-bogging.

Objection:

Oppose the opening of a Hale Canyon loop, red route. Why put money and resources into developing a route when 5 other routes are readily available. Concerned for wildlife in that area not just for 7 months, but for 12. Area would be hard to police! I do like the idea of seasonal closure, if not total closure.

Thank you!

Borde Williams
