Dear Andy,

I'm reaching out to you in hopes of having a conversation about your property located near Vail / Berlaimont. I understand that you already have a significant project up and running there at Berlaimont, and at the same time, I wanted to make sure you knew we were interested in working with you on a potential acquisition or conservation project if it ever made sense for your organization.

More specifically, I am hoping to talk with you about the potential of either purchasing your property, or discussing the possibility of a conservation easement, both of which could have financial benefits to you as the landowner.

If you would like to learn more about how this could benefit you and conservation, please give me a ring at: 406-241-1887. I've attached our "access to elk country" brochure that will give you an idea of the types of projects we've been working on.

Thanks so much for your time and I'm looking forward to connecting with you soon.

Sincerely,

Ryan Chapin
