Price, Utah 84501

Manti-La Sal Forest Revision Plan

We, the Sanpete Conservation District (SCD), are writing in support of the comments that the San Rafael Conservation District (SRCDD) has submitted to the Manti-La Sal National Forest Service regarding the Forest Plan Revision.

We, as the conservation district, by code represent the natural resources within our district. As such, we also are a voice of the local agricultural and livestock producers in our area. We, as a board, believe the suggestions that have been brought forward by the SRCDD should be considered and addressed in the Forest Plan Revision.

Thank you for your consideration.

Michael Larson,
Sanpete CD Chair
