Naches Ranger Station
10237 Highway 12
Naches, WA 98937

Attention: Aaron J. Stockton, District Ranger

Subject: Pacific Power Distribution Line Rebuild - Nile Hendrix Project #59210
SR 410 milepost 83.73 to milepost 101.50

We have reviewed the proposed project and have the following comments.

- The project is proposed along the State Route 410 (SR 410) corridor. SR 410 is a Class 2 managed access highway with a posted speed limit of 55 miles per hour.
- Power distribution lines within WSDOT rights-of-way require a Utility Permit and / or Franchise. The proponent is required to contact the South Central Region Utilities Engineer, Jamil Anabtawi, to coordinate this work and obtain or update the necessary permit(s). Jamil can be reached at (509) 577-1785.
- The proponent should also be aware that WSDOT has project programmed for the summer of 2025. A culvert replacement along with raising the highway profile crossing Rock Creek near milepost 102.

Thank you for the opportunity to review and comment on this proposal. If you have any questions, please contact Jacob Prilucik at (509) 577-1635.

Sincerely,

Paul Gonseth, P.E.
Planning Engineer
