---

Hi Hannah,

I intended to make a comment on this EA but the timeline got away from me. I realize I missed the deadline. What I wanted to tell you and the rest of the team involved was how very impressed I was with the thoroughness of your EA and the clarity of the analysis. I was the Planning Staff on the Siuslaw for 14 years (1979-1993) and for most of that time worked on preparing the Forest Plan and it's EIS. I have first hand knowledge of how much time and effort it takes to complete the work done by you and your team.

Thank you!

Tony Vander Heide
