Catherine,

I live in Ketchikan but will be out of town when the public meeting takes place. I would like to request that the Ward Lake trail and surrounding areas remain off limits to commercial tourism. Bringing buses and large numbers of people to this area will slowly and surely destroy this beautiful, serene area. It is a small area and we typically have as many as 3000 tourists per day in Ketchikan between the months of May and September. There are very few places left in Ketchikan that are easy for the public to access and not inundated with tourists. Please help us keep the area clean, untrampled and local.

Thanks you for your consideration.

Kathy Fitzgerald

Ktn, AK
