**Subject:** Chattooga Aquatic Monitoring  
**Attachments:** Chattooga Aquatic Monitoring Summary.docx; 2014\_sc\_catt\_report\_large wood.pdf

Mr. Floyd, based on our conversation the other day I thought these 2 documents might be of interest to you. I asked our fisheries biologist to summarize past efforts on the Chattooga and add some forest wide context so I could share it with you. The word Monitoring Summary is what he provided. The other document is something from the research station.
